LOCATION OF THE PROPERTY

6 kilometros hacia calle Paraiso , Sixaola
Talamanca, Limón

DESCRIPTION

Bio Caribe is a modern residence integrated with nature and focused on the practices of sustainability. On the 304 Acre property we created 51 fantastic lots all with amazing views on the Panamanian mountain. We choose to develop this property not only because it's unique location. On the one hand it is a remote hideaway, but at the same time Bio Caribe is connected through a private road to Punta Uva's pristine beaches at less than 4 miles. The international airport of Changuinola is only 20 miles away and the lively Caribbean town of Puerto Viejo is a great place to spend the evening on a 20-minute drive. The Philosophy of Bio Caribe is to be part of an organized and green community where the main goal for all is to live sustainable in harmony with nature and the local community. The two container off the grid solar house, reflects what the bio Caribe community stands for. This house features: • Off the Grid house • 100% solar powered • Rainwater collection with a 40,000-liter water reserve • Advanced water filter installation • Solar water heater • Through underground air tubes we created a natural air cooling system in the house • Panoramic views on the Panamanian mountain • Property size 10.0443 m² • Part of the Bio Caribe community For more information feel free to contact us.
